FCC ANNOUNCES EXTENSION OF DEADLINE TO SUBMIT NOMINATIONS FOR VACANCIES ON ITS NATIVE NATIONS COMMUNICATIONS TASK FORCE

By this Public Notice the Federal Communications Commission (Commission) extends the deadline to submit nominations to fill Tribal vacancies on the Native Nations Communications Task Force (Task Force) from August 26, 2019 to September 25, 2019.¹ Information about the function of the Task Force, who is eligible to be nominated and procedures to submit nominations can be found in the *Task Force Vacancies Public Notice*² at <https://www.fcc.gov/document/native-nations-communications-task-force-vacancies-pn>. Members appointed by the Chairman of the Commission to fill the vacancies will serve through the end of the Task Force's current three-year term, which runs through October 2021.³

The Task Force's mission is to make recommendations to the Commission on communications-related issues that affect Tribal interests. The Task Force is intended to provide an effective means for Tribal thought leaders to exchange ideas and develop recommendations to the Commission on, among other things, the availability of communications facilities and services—including, but not limited to, broadband—on Tribal lands, which will in turn enhance the Commission's ability to carry out its statutory responsibilities to ensure the availability of communication by wire and radio and encourage broadband deployment to all Americans.⁴ Since its establishment in March 2011, the Task Force has been composed of senior Commission staff and elected or appointed leaders from federally recognized Tribal governments or governmental entities, or their designated employees, and has helped the Commission fulfill its commitment to increasing broadband deployment and adoption on Tribal lands.⁵

The issues to be considered by the Task Force may include but are not limited to: (i) executing the Commission's Tribal Consultation policy; (ii) identifying barriers to broadband deployment that are unique to Tribal lands; and (iii) ensuring Tribal concerns are considered in
